

# Grade Report for Homework 5 Programs

Nikhil, Kamat

- Johnson's Program Execution  
Graded by Sturgill (dbsturgi@ncsu.edu)
  - Your solution gave the right output on all of our test cases
  - Score: 8.00 (of 8.00)
- Johnson's Program Source Code Inspection  
Graded by Sturgill (dbsturgi@ncsu.edu)
  - Looking at your code, it looks like you tried to implement your solution the way we asked you to. Maybe consider using a dynamically allocated array instead of a linked list for the edges.
